The Alice Aycock Poe Center for Health Education

*High on the crest of Sunnybrook  
We rarely use a single book.*

*Health educators are what we are  
Kids come to us from near and far.*

*Our theaters offer special tools  
Not often found in other schools.*

*The students come to learn and play  
We teach health ed. a special way.*

*Some children learn to floss their teeth  
And others what is best to eat.*

*Tobacco, drugs and alcohol,  
We teach the dangers of them all.*

*In Family Life for older youth  
We stress the facts and teach the truth.*

*Our Cranium classroom shows the kids  
What goes on underneath their "lids."*

*Please join us on this special date  
To learn, to share, to celebrate.*

*A place we've come to love and know  
A place we simply call "The Poe".*

*~Dave Gardner*
