

# #Youth Culture

**Definition: #YouthCulture** discusses common norms, values, and practices shared by today's teens.

**Definition: Generation Gap** identifies the differences in customs, attitudes, and beliefs between any two generations, but especially between youth and adults.

The Poe Center's **#YouthCulture** program is designed to empower parents and guardians by providing insight into the environment and culture around our youth. This 1 or 2 hour workshop explores how the developing adolescent brain shapes perceptions and behavior. All participants will receive a free packet of supportive materials and resources. Covered topics will include substance use, Internet safety, sexting, and healthy dating relationships. In addition we will explore ways to enhance parent-child communication.

**This program is for ADULTS ONLY!**  
Participants must be 18 or older.
