**TOBACCO-FREE
COMMUNITY FORUM**

**9:30 A.M. - 12:30 P.M.
Saturday, March 21st, 2020
at SOUTHEAST RALEIGH
MAGNET HIGH SCHOOL**

TOBACCO-FREE COMMUNITY FORUM

EDUCATE. ENGAGE. EMPOWER.

Join us as the Poe Center, the Wake County Public School System, Wake County Human Services, and the American Heart Association work to move the needle and make a healthy difference in the lives of Wake County residents.

The purpose of this youth-led forum is to **educate, empower, and engage**. Join us as we:

- Hear from leading experts on the current trends and health impacts of the vaping epidemic.
- Discuss policies that facilitate tobacco-free environments.
- Create action plans for a healthier community.

A panel will be held to educate attendees on the impacts of tobacco and the policies that facilitate tobacco-free environments. Panelists will include youth, community, municipal, education, health, and business leaders. Breakout sessions for youth, parents, and community leaders will provide opportunities to discuss strategies to reduce youth tobacco use and to empower communities in the solution.

Space is limited - register today: www.poehealth.org/tobaccofree2020
