Date: Oct 25th
Time: 6:30-8:00 pm

#YouthCulture Drugs Uncovered

A program for parents,
caregivers & adults who
work with youth.

Drugs Uncovered Is an interactive program that targets parents, caregiver and adults who work with upper elementary, middle school and high school students.

Drugs Uncovered introduces participants to:

- current trends regarding alcohol, tobacco and other drugs;
- health risks associated with adolescent use; and
- techniques for open communication and dialog with adolescents.

To register scan the QR code with the camera on your phone
by October 23rd or use this link:
